If you extend a line to find the guide
 Sadly that puts you on the wrong side
 Instead follow the arc and speed on
 The destination will soon come upon
 and "set" are what you need
 His mission will be freed.

Over-Under

About the Challenge:

In the tradition of Midnight Madness, **Compass 2019** will be the second ever Compass puzzle-hunt. In 2017, 24 teams of brilliant puzzle-solvers, representing New York City's best and brightest, competed late into the night while raising funds in support of Good Shepherd Services and the **30,000+** families and kids Good Shepherds helps every year.

Determined teams will hunt for, unravel, and solve puzzles embedded in the urban landscape of New York City. The event will begin in the afternoon and end with the crowning of the victors at an after-celebration in a secret locale.

Saturday, September 14, 2019

PLAY WITH US:

Team Sponsor: \$30,000

Individual: \$5,000

...Is Back!!!!

In the grand tradition of the original Midnight Madness, the most brilliant and intense minds of the finance, tech, and consulting worlds will once again test their utter limits.

Master the imponderable

Elite teams will battle for pride and honor, but also to bring new hope to **30,000** of New York City's most underserved youth and families. In the first Compass, team SnowCrash representing Goldman Sachs reigned supreme. Will your team be the best of the best in this year's Compass?

**The city's brightest minds
raising money for the
future's brightest minds.**

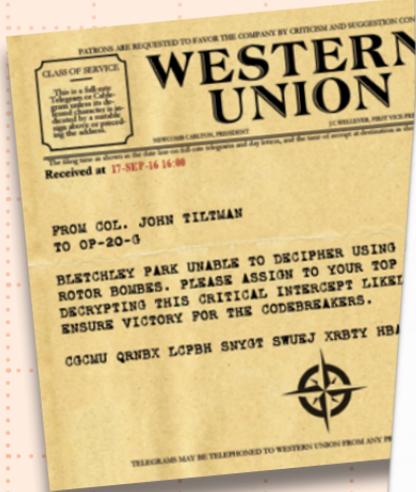

On September 14, 2019, New York City will once again morph from world renowned metropolis into the ultimate competitive arena. Good Shepherd Services' Executive Director Paulette LoMonaco, Board Member Colin Teichholtz and the same team that brought you the original Compass in 2017 will challenge poverty, fatigue, and linear thinking. The bravest intellects will compete. The rest will watch in awe.

PLAYER INSTRUCTIONS

BATTLESHIP

✦ **The Game:**

The game is a series of meticulously designed, diabolically difficult, cleverly camouflaged puzzles - the answers to which often indicate the location of the next puzzle, and so on, until the finish line. This year's teams will compete well into the night. They will be hunting for, unraveling, and solving puzzles embedded in the urban landscape of New York City.

✦ **The Funders & The Players:**

The Funders are generous philanthropists, like you, who feel that all kids in New York City deserve a chance. The Players are finance, tech, and consulting professionals who are not only incredibly smart, but passionate about pushing themselves to the intellectual limit for a good cause, and for the chance to prove that they are the best! While youth can be a benefit for some Players, others benefit from long years of experience. Our experience shows that some of our most generous Funders are also among the most talented Players.

✦ **The Game Control:**

Compass is made possible by the tireless volunteer efforts of our friends, family, and fans of Compass who do whatever it takes to make Compass an amazing unique experience for all participants. Thank you Compass volunteers, we couldn't do this without you!!!

✦ **The Creators:**

The Midnight Madness champion team that created Compass 2017 is back to do it again! Thank you for your commitment first as players and now repeatedly as game designers to GSS board member Colin Teichholtz, Ben Hoffstein, Josh Stabiner, Julien Bramel and Anand Sharma!

✦ **The Rules:**

1. Do not tamper with the clues.
2. No private motorized transport.
3. Follow instructions from Game Control, which may be issued occasionally for safety or game flow reasons.

2019 Game

Date: September 14, 2019

“

Good Shepherd has given me more confidence and now I know the sky's the limit and I can be whoever I want if I try hard!

– Krystal, Good Shepherd Participant.

”

We see what can be

We go where the need is greatest—where problems are deeply entrenched, obstacles are high, and neighborhoods are often untouched by other support systems.

Good Shepherd Services is different—our confidence in NYC's youth and families, combined with our track record of success, shows us that with the right approach, real change is possible even in the most challenging environments.

Our Vision

We envision a New York City where children grow up in thriving neighborhoods, and all individuals and families can build on their strengths to realize their fullest potential.

Our Mission

Good Shepherd Services goes where children, youth, and families face the greatest challenges and builds on their strengths to help them gain skills for success. We provide quality, effective services that deepen connections between family members, within schools, and among neighbors. We work closely with community leaders to advocate, both locally and nationally, on behalf of our participants to make New York City a better place to live and work.

Good Shepherd Services leads in the development of innovative programs that make a difference in the lives of children, youth and families today.
