

FY2020 Results

Our Mission

Guided by social and racial justice, Good Shepherd Services partners and grows with communities so that all NYC children, youth, and families succeed and thrive.

Our data-driven programming ...

Addressing Basic Needs

Participants in our Single Stop programs secured a total of

\$9,154,096

in monetary benefits.

Building on Family Strengths

85%

of youth from our Family Foster Care program were reunified with their families, adopted, or permanently placed with a relative.

Promoting Belonging

96%

of participants in our youth justice programs feel connected to at least one staff member.

Increase in Graduation

1,209 high school students earned diplomas.

A 3rd party study by Metis Associates found that Good Shepherd Transfer School students were more likely to graduate, outperforming comparison students by 12 percentage points.

Expanding Developmental Opportunities

Our after school programs served more than

3,100

elementary and middle school students;

91%

said the program gave them the opportunity to learn new things.

Partnering in Communities

6,000+

participant-centered activities resulted in a

63%

decrease in the carrying of weapons by participants in our Bronx Rises Against Gun Violence (BRAG) Cure Violence program.

Increase in College Retention

73 students participated in Lifelink.

A 3rd party study by City University of New York found that participants in LifeLink, our college access and success program, were more likely to graduate from community college after eight semesters, outperforming a comparison group by 13 percentage points.

Increase in Housing Stability

100% of Chelsea Foyer graduates transitioned to stable housing.

A 3rd party study by the Center for Innovation through Data Intelligence found that Chelsea Foyer supportive housing graduates were 24% less likely than a comparison group to live in the single adult shelter system two years after graduation.

... has powerful, long-lasting results.

COVID-19 Metrics

The COVID-19 crisis has disproportionately impacted Good Shepherd's participants and communities with immediate and long-term consequences. These metrics represent some of the ways we have responded to immediate crisis needs from March to August 2020.

16,000+

meals provided

538

new laptops distributed to participants

73

wifi hotspots donated

\$297,833

for food, rent and utilities to participants

\$167,901

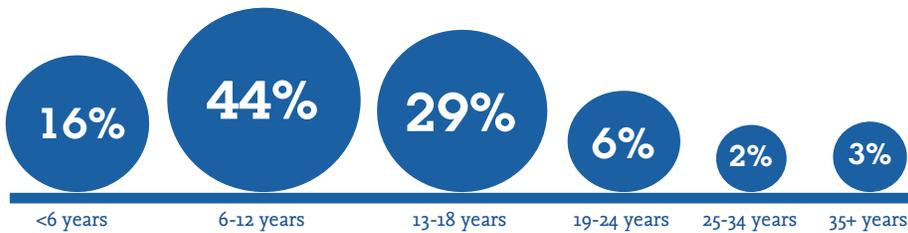

for food, rent and utilities to staff

Our Work and Commitment

Through a network of strategically located youth and family development, child welfare, and educational support programs, Good Shepherd seeks to expand the geography of opportunity in New York City. All of our programs integrate evidence-informed youth and family development strategies and trauma-informed practices. Our holistic, strength-based approach is designed to increase safety, promote belonging, and build individual skills and community assets.

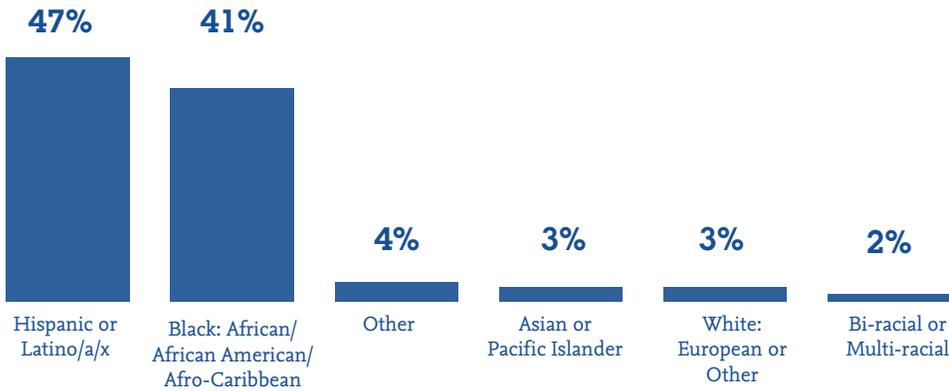

Age of Participants

Location of Programs

Race/Ethnicity

We produced this report using internal programmatic data collected by Good Shepherd Program Evaluation and Planning Department. All Good Shepherd programs implement a performance management plan using a logic model and collect data on participants' characteristics, services, and outcomes.
